Pray for All is a global initiative to **pray for every person in the world by name and share Jesus with them**. We promote the B.L.E.S.S. lifestyle, which helps believers lead people to Jesus in a relational and loving way. Our biblical mandate comes from 1 Timothy 2:1-4, "I urge you, first of all, to pray for all people...This is good and pleases God our Savior, who wants everyone to be saved." (NLT)

God wants us to pray for every person in the world because He wants them to be saved. Every believer in your church, business, or network can pray for at least 5 people and share Jesus with them. Everybody can pray for somebody and together we can pray for everybody.

## B.L.E.S.S. – A simple *Lifestyle* of relational evangelism

### B. BEGIN WITH PRAYER

When you pray for people by name, you begin to care for them more. *"The LORD called me before my birth; from within the womb he called me by name" (Isaiah 43:1)*

### L. LISTEN TO THEM

Relationships are built one conversation at a time. Listen to people with empathy. Get to know their story, hurts, fears, needs, and doubts. *"Everyone should be quick to listen, slow to speak and slow to become angry" (James 1:19).*

### E. EAT WITH THEM

Jesus spent a lot of His time eating with people far from God. Eating with people builds friendships and opens their hearts. *"While Jesus was having dinner at Matthew's house, many sinners came and ate with him and his disciples" (Mt. 9:10).*

### S. SERVE THEM

Jesus modeled that the best way to reach people is to serve them in practical ways and meet their needs. *"The Son of Man did not come to be served, but to serve, and to give his life as a ransom for many" (Matthew 20:28)*

### S. SHARE JESUS WITH THEM

When Paul shared the Gospel in Acts 22, he shared the three parts of his story: his life before Jesus, how he met Jesus, and his life after he met Jesus. You can do the same. Share your life before Jesus, how you met Jesus, and your life since you met Jesus. And then introduce them to God's story, the Gospel.

# GO MOVEMENT

## Go Movement: Prayer and Evangelism Strategy for Africa (2023-2033)

### **\*Executive Summary\***

This document outlines the strategic plan for the Go Movement's prayer and evangelism efforts across Africa from 2023 to 2033. Our mission is to mobilize Christians across the continent for the purpose of bringing about spiritual awakening and transformation through the power of prayer and the proclamation of the Gospel. Our decade-long vision includes cultivating a unified body of Christ, equipped and passionate about evangelism, leveraging both traditional and innovative methods to reach every community with the love and message of Jesus Christ.

### **\*1. Prayer Mobilization Strategy\***

- **\*Continental Prayer Networks:\*** Establish a network of prayer groups across Africa, focusing on intercession for the nations, communities, and evangelistic efforts. These groups will meet regularly, both in person and virtually, to pray for the specific needs and challenges facing their localities and the continent at large.
- **\*Annual Prayer Summits:\*** Host annual continental and regional prayer summits to bring Christians together for focused prayer, worship, and strategic planning for evangelism efforts. These summits will serve as powerful moments of unity, spiritual renewal, and empowerment.
- **\*Prayer Resources:\*** Develop and distribute prayer guides, focusing on key themes such as unity, revival, and evangelism. These resources will be made accessible in multiple languages and through various media, including print, web, and mobile platforms.

### **\*2. Evangelism and Discipleship\***

- **\*Evangelism Training:\*** Implement training programs to equip believers with effective evangelism skills and strategies. These programs will emphasize cultural sensitivity, relational evangelism, and the use of digital tools to reach both urban and rural communities.
- **\*Discipleship Pathways:\*** After evangelistic efforts, new believers will be integrated into structured discipleship programs to nurture their faith and prepare them for service and witness. Local churches will play a central role in this process, supported by resources and training from the Go Movement.
- **\*Children and Youth Focus:\*** Special attention will be given to evangelism and discipleship programs tailored for children and youth, recognizing their potential to influence their generations and beyond.

### **\*3. Community Engagement and Humanitarian Efforts\***

- **\*Service as Evangelism:\*** Launch community service projects (e.g., health clinics, educational programs, clean water initiatives) as platforms for evangelism. These acts of love and service open doors for the Gospel and demonstrate the Kingdom of God in action.
- **\*Partnerships for Impact:\*** Foster partnerships with local churches, organizations, and international ministries to amplify efforts and resources for both evangelism and humanitarian projects.

### **\*4. Media and Technology\***

- **\*Digital Evangelism:**\* Create and disseminate digital content (e.g., videos, podcasts, social media campaigns) to share the Gospel message, with particular attention to reaching unreached people groups and areas resistant to traditional evangelism methods.

- **\*Technology for Training:**\* Leverage online platforms for evangelism training and discipleship, making resources available across diverse languages and regions.

#### **\*5. Monitoring and Evaluation\***

- **\*Impact Assessment:**\* Regularly evaluate the effectiveness of prayer initiatives, evangelism campaigns, and discipleship programs through both qualitative and quantitative measures. Feedback mechanisms will be established for continuous learning and strategic adjustment.

- **\*Testimonies and Reporting:**\* Encourage the sharing of testimonies and stories of transformation across the movement to inspire and motivate continued prayer and evangelism efforts.

#### **\*Conclusion\***

The Go Movement's strategy for Africa (2023-2033) is a comprehensive and dynamic plan designed to adapt to the evolving landscape of the continent while staying firmly rooted in the call to prayer and evangelism. Through unified efforts of the body of Christ across Africa, we envision a decade of unprecedented spiritual awakening and the flourishing of the Church. Together, we commit to turning this vision into reality, for the glory of God and the expansion of His Kingdom across Africa.

## **THE FOUR GIANTS CONFRONTING AFRICA**

**Africa remains integral in God's plans for the last days. The enemy seems to have set his plans to deter Africa from fulfilling her prophetic destiny in this season. We examine the four giants that encapsulate the challenges confronting Africa**

### **1. THE GIANT FROM THE NORTH – The Anti-Christ spirit**

There is a growing revivalism by the spirit of the anti-Christ into especially sub-Saharan Africa. This is to counter the area where the church is flourishing and growing fastest. This is done through funding of educational institutions, Non-governmental organizations, government to government programmes that demand establishment of religious institutions with the same goals. Sometimes more peaceful means i.e. trade, social activities are employed but when not deemed to move at an acceptable pace even violence is employed. This spirit has an ultimate goal to rule the world

### **2. THE GIANT FROM THE WEST – PAGANISM AND DECLINING WESTERN CIVILIZATION**

Western civilization brought Christianity and Christian principles/values. Now they have rejected and abandoned the Judeo-Christian worldview and principles and embraces is a new religion called "human rights". They have thrown out Judeo-Christian moral laws leaving no moral standard.

Africa got the bible, laws including anti-homosexuality from our colonial masters and the ensuing missionary thrust. The population in Africa is almost 1B and attempts are being made to reduce the population.

The Western giants have political influence, military power, technological sophistication, economic strength, scientific superiority. Western civilisation used to be a tool in God's hand, now in the hands of the Anti-Christ. Pushing an agenda in Africa that is anti-God.

### **3. THE GIANT FROM THE EAST – THE CHINESE DRAGON AND THE ORIENTAL GODS FROM THE EAST**

China (leading the East) is the new development partner of African nations with mega projects in almost all of African nations. This has given the East a new horizon to extend her policies and seek opportunities for her population. China is encouraging its people to find space to settle on earth. They are planning strategically with Africa – it is the only continent with arable land and accommodation The business connection is not the main issue but an entry point.

We must look at the Chinese in Africa positively as an opportunity to reach them with the gospel that is not so easy in China itself.

### **4. THE GIANT FROM THE SOUTH – THE REVIVAL OF AFRICAN IDOLATRY AS AFRICAN RENAISSANCE**

This is being spearheaded by the African Renaissance from South Africa where sangomas lead the dedication of the nation as well as other national activities. Today sangomas(witches) are more respected than bishops. This revival of ancestral worship is swallowing more Africans than giant from the north and the west. Many tribes and people groups are facing this challenge of going back to the 'gods of the fathers.'
