

**GO MOVEMENT: PRAYER AND
EVANGELISM STRATEGY FOR AFRICA**

(2023-2033)

EXECUTIVE SUMMARY

- This document outlines the strategic plan for the Go Movement's prayer and evangelism efforts across Africa from 2023 to 2033. Our mission is to mobilize Christians across the continent for the purpose of bringing about spiritual awakening and transformation through the power of prayer and the proclamation of the Gospel. Our decade-long vision includes cultivating a unified body of Christ, equipped and passionate about evangelism, leveraging both traditional and innovative methods to reach every community with the love and message of Jesus Christ.

1. PRAYER MOBILIZATION STRATEGY

- - Continental Prayer Networks:* Establish a network of prayer groups across Africa, focusing on intercession for the nations, communities, and evangelistic efforts. These groups will meet regularly, both in person and virtually, to pray for the specific needs and challenges facing their localities and the continent at large.
- - Annual Prayer Summits:* Host annual continental and regional prayer summits to bring Christians together for focused prayer, worship, and strategic planning for evangelism efforts. These summits will serve as powerful moments of unity, spiritual renewal, and empowerment.

PRAYER RESOURCES

- - Prayer Resources: Develop and distribute prayer guides, focusing on key themes such as unity, revival, and evangelism. These resources will be made accessible in multiple languages and through various media, including print, web, and mobile platforms.

2. EVANGELISM AND DISCIPLESHIP

- - Evangelism Training:* Implement training programs to equip believers with effective evangelism skills and strategies. These programs will emphasize cultural sensitivity, relational evangelism, and the use of digital tools to reach both urban and rural communities.
- - Discipleship Pathways:* After evangelistic efforts, new believers will be integrated into structured discipleship programs to nurture their faith and prepare them for service and witness. Local churches will play a central role in this process, supported by resources and training from the Go Movement.

CHILDREN AND YOUTH FOCUS

- - Children and Youth Focus:* Special attention will be given to evangelism and discipleship programs tailored for children and youth, recognizing their potential to influence their generations and beyond.

3. COMMUNITY ENGAGEMENT AND HUMANITARIAN EFFORTS

- - Service as Evangelism:* Launch community service projects (e.g., health clinics, educational programs, clean water initiatives) as platforms for evangelism. These acts of love and service open doors for the Gospel and demonstrate the Kingdom of God in action.
- - Partnerships for Impact:* Foster partnerships with local churches, organizations, and international ministries to amplify efforts and resources for both evangelism and humanitarian projects.

4. MEDIA AND TECHNOLOGY

- - Digital Evangelism:* Create and disseminate digital content (e.g., videos, podcasts, social media campaigns) to share the Gospel message, with particular attention to reaching unreached people groups and areas resistant to traditional evangelism methods.
- - Technology for Training:* Leverage online platforms for evangelism training and discipleship, making resources available across diverse languages and regions.

5. MONITORING AND EVALUATION

- - Impact Assessment:* Regularly evaluate the effectiveness of prayer initiatives, evangelism campaigns, and discipleship programs through both qualitative and quantitative measures. Feedback mechanisms will be established for continuous learning and strategic adjustment.
- - Testimonies and Reporting:* Encourage the sharing of testimonies and stories of transformation across the movement to inspire and motivate continued prayer and evangelism efforts.

CONCLUSION

- The Go Movement's strategy for Africa (2023-2033) is a comprehensive and dynamic plan designed to adapt to the evolving landscape of the continent while staying firmly rooted in the call to prayer and evangelism.
- Through unified efforts of the body of Christ across Africa, we envision a decade of unprecedented spiritual awakening and the flourishing of the Church. Together, we commit to turning this vision into reality, for the glory of God and the expansion of His Kingdom across Africa.
